Disclaimer

This presentation and any oral information or accompanying materials provided in connection with it (together, the “Materials”) have been prepared solely for informational purposes for the shareholders of Capita plc (“Capita”), and not for any other purpose or for any other person.

Neither Capita, nor any of its affiliates, and none of their respective Directors, officers, employees, agents and advisers, makes any representation or warranty, express or implied, in relation to the accuracy or completeness of the information contained in the Materials, or accepts or assumes any responsibility, obligation or liability (whether direct or indirect, in contract, tort or otherwise) to any person in respect of them save as would arise under English law. The Materials are based on the knowledge and information available to Capita’s Directors at the date it was prepared and therefore facts stated and views expressed may change after that date.

Certain statements contained within the Materials may constitute forward-looking statements for the purposes of applicable securities laws regarding Capita’s business, financial position and results of operations, the current expectations, beliefs or opinions of the management of Capita and/or statements concerning risks and uncertainties relating to Capita’s business. Forward-looking statements may be identified by the words “anticipate”, “believe”, “intend”, “estimate”, “expect”, “may”, “would be”, “seek”, “target” and words of similar meaning. Although Capita’s Directors believe the expectations reflected in such forward-looking statements are reasonable, those statements involve risk and uncertainty because they relate to events and depend on circumstances that may or may not occur and which may cause actual results and developments to differ materially from those expressed, projected or implied by those forward-looking statements and/or forecasts.

Forward-looking statements and forecasts are not guarantees of future performance and the actual outcome of the matters referred to in any such forward-looking statements and/or forecasts may differ materially from those made in or suggested by the forward-

looking statements and/or forecasts contained in the Materials. No representation or warranty is made that any of the forward-looking statements or forecasts will come to pass or that any forecast results will be achieved, or as to the reasonableness of any such forward-looking statements or forecasts. You are cautioned not to place any reliance on such statements or forecasts. The forward-looking and other statements and forecasts speak only to the belief of Capita’s Directors as at the date of the Materials.

Neither Capita, nor any of its affiliates, and none of their respective Directors, officers, employees, agents and advisers, undertakes or accepts any obligation or responsibility to prepare or release any update of, or revisions to, any forward-looking statement, forecast, opinion (which are subject to change without notice) or any other information or statement contained in the Materials, or to correct any inaccuracies in the Materials which may become apparent.

No statement in the Materials is intended as a profit forecast or a profit estimate and no statement in the Materials should be interpreted as such, or to mean that earnings per Capita share for the current or future financial years would necessarily match or exceed the historical published earnings per Capita share.

The Materials do not constitute or form part of any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any shares or any other securities in Capita or any other company.

Background to today's private sector contact centre disposal announcement

Significant progress to date in our transformation programme

Resolved a number of legacy issues including delivering a new more competitive cost base, investing in our AI and digital capabilities, resolving closed book Life & Pensions and reaching ICO settlement

Strong market opportunity delivering technology-enabled services in middle and back office services to clients in public sector and regulated industries

The Contact Centre business operates primarily front office services, where the market is seeing disruption from technology

We've improved and modernised the foundations of the Contact Centre business

Better positioned to achieve its potential under an alternative ownership structure

Transaction will deliver a leaner, more focused business delivering in markets with strong momentum and where we see the large future growth opportunities

Value accretive, accelerating our margin expansion. Approximately 200bps adjusted operating margin improvement and enables delivery of a material overhead reduction

Working closely with Inspirit Capital to ensure a smooth transition for customers and colleagues, while continuing to build a leaner, more efficient Capita positioned for sustainable growth and value creation

Transaction highlights – our next strategic step

Perimeter breakdown based on 2025 Group results

£m	Adjusted performance as reported externally	Transaction perimeter ^a	Impact of retained contracts ^b	Retained group costs and leases ^c	Total retained by Capita
Revenue	536.7	398.1	138.6	-	138.6
Operating profit/(loss)	(17.0)	(34.9)	17.9	(36.4)	(18.5)
Operating cash flow	6.7	(16.4)	23.1	(33.1)	(10.0)

a) Including overhead allocations; b) A small number of UK public sector related contracts, which were previously reported within Capita Experience under the Contact Centre operating segment, are excluded from the transaction and will remain within the Group; c) Group costs of £25.3m which were previously allocated to the Contact Centre business are also excluded, together with £11.1m of leases

Transaction highlights – our next strategic step

Total net lease benefit of £26.2m, including £18.1m lease liability from operational properties included in the transaction and £8.1m lease liability that is fully sublet

The Group will retain only three currently underutilised properties which represent a lease liability of FY2025: c. £65m; associated lease cost c. £10m per annum with future opportunity to deliver significant costs savings from these leases

c. £25m of Group costs previously allocated to the business will remain with the Group, more than offset by the c. £40m of annualised savings to be delivered across 2026 and 2027 from the simplification programme announced today

Expected transaction, transitional restructuring and separation costs in 2026 of approximately £20m

Completion is expected before the Group's half year results in August, subject to regulatory approval

Accelerating our strategy of becoming the first AI-led business process outsourcer

Market demand for technology-enabled middle and back-office transformation is accelerating – we will focus on AI-enabled services in markets where demand and growth are strongest

We will operate in areas where Capita can create the strong value through technology, automation and AI and where we have the deepest differentiation

Our market position in public sector and regulated middle and back-office positions us strongly to pursue Growth adjacencies by re-using the range of services offered to adjacent clients, as well as expanding new areas

~200bps adjusted operating margin improvement by 2027 from transaction and delivering a leaner organisation with £40m annualised cost savings, delivered across 2026 and 2027

We will continually invest in technology capabilities to add more value, differentiate to win more and increase margin

Executing transaction and realigning to regulated middle and back office we will follow a clear path towards driving sustainable value creation

Middle and back-office sweet spot puts us in great position to strengthen core segments & expand opportunistically with AI-first strategy

1. Current Capita Public Service private customers and priority regulated segments (particularly Utilities and BFS&I)

Investment case moving forwards

	2025 Group Adjusted Results	2027 Proforma	Investment Case for Capita Group moving forwards
Revenue growth	(1.2%)	Mid-single digit revenue growth	Significant addressable market in the key markets
Operating margin	5.2% 2025A	~200 bps improvement to 2027 (with potential for further future expansion)	Market leader in the UK with over 40 years of built foundations in customer relationships, people, expertise and domain knowledge
Leverage	1.0 x pre-IFRS 16	1.2 – 1.4x pre-IFRS 16	Resilient model with high customer stickiness, earnings visibility and accelerated margin expansion
			Benefitting from the power of AI to increase value add to clients
			Improved margin performance and growth in free cash flow generation, will reduce leverage in medium term

In summary

BETTER

Capita

Delivering a better company:

- AI-driven competitive differentiation
- Advancing revenue growth including in new segments
- Accelerating margin expansion
- Growing positive free cash flow
- An employer of choice
